Mohamed Hamadeen

FULL STACK .NET DEVELOPER | ASP.NET CORE · ANGULAR · SQL SERVER

Egypt · Open to opportunities in Egypt, Saudi Arabia, and remote

YOUR_EMAIL@example.com | linkedin.com/in/YOUR_LINKEDIN | github.com/YOUR_USERNAME

PROFESSIONAL SUMMARY

Full Stack .NET Developer with experience contributing to healthcare and enterprise applications. Focused on C#, ASP.NET Core, REST APIs, SQL Server, Angular, maintainable architecture, and performance improvements. Developing practical skills in Docker, Kubernetes, and microservices.

TECHNICAL SKILLS

Backend: C#, ASP.NET Core, ASP.NET Web API, Entity Framework Core, LINQ, REST APIs

Frontend: Angular, TypeScript, JavaScript, HTML, CSS, Bootstrap

Data: SQL Server, T-SQL, query optimization, Dapper

Architecture: SOLID, Clean Architecture, CQRS, MediatR, design patterns

Tools and learning: Git, Azure DevOps, CI/CD, Docker, Kubernetes, gRPC, messaging concepts

PROFESSIONAL EXPERIENCE

Junior .NET Backend Developer — VetICare | Nov 2023 – Present

• Contribute to healthcare software, including hospital queue, referral, and billing workflows.
• Develop and maintain APIs and SQL Server-backed features.
• Collaborate on integrations, dashboards, and application improvements.
• Work with a team to maintain and improve enterprise application functionality.

Freelance .NET Developer — Project-based | Earlier experience

• Built and refined .NET features and APIs for independent projects.
• Practiced implementation, debugging, and translating requirements into working software.

SELECTED PROJECTS

Healthcare Management System: Professional domain experience with queue, referral, billing, integration, and reporting workflows. Share only details approved for public use.

E-commerce Microservices: Personal learning project exploring Product, Order, Inventory, and Notification services with .NET, Docker, Kubernetes, and service communication.

Job Hunter Automation: Personal .NET worker project using scheduled checks, job-source integrations, duplicate detection, and Telegram notifications.

EDUCATION

Bachelor's degree in Commerce — Menoufia University, 2020. Transitioned into software development through practical projects and continuous learning.
